TENNIS & SCHOOL

We all want our children to be well prepared for the future. Our aim is to provide them with the best possible educational system to complement that of their parents, and to give them all the tools they need to make the most of life after school.

Since its establishment in 1996, Mouratoglou Academy has crafted an innovative Tennis & School system that has demonstrated remarkable effectiveness.

Tennis, more than a discipline, is truly a «school of life». It teaches us humility, hard work, perseverance, and self-confidence. It offers a unique experience that allows each student to show his or her true worth.

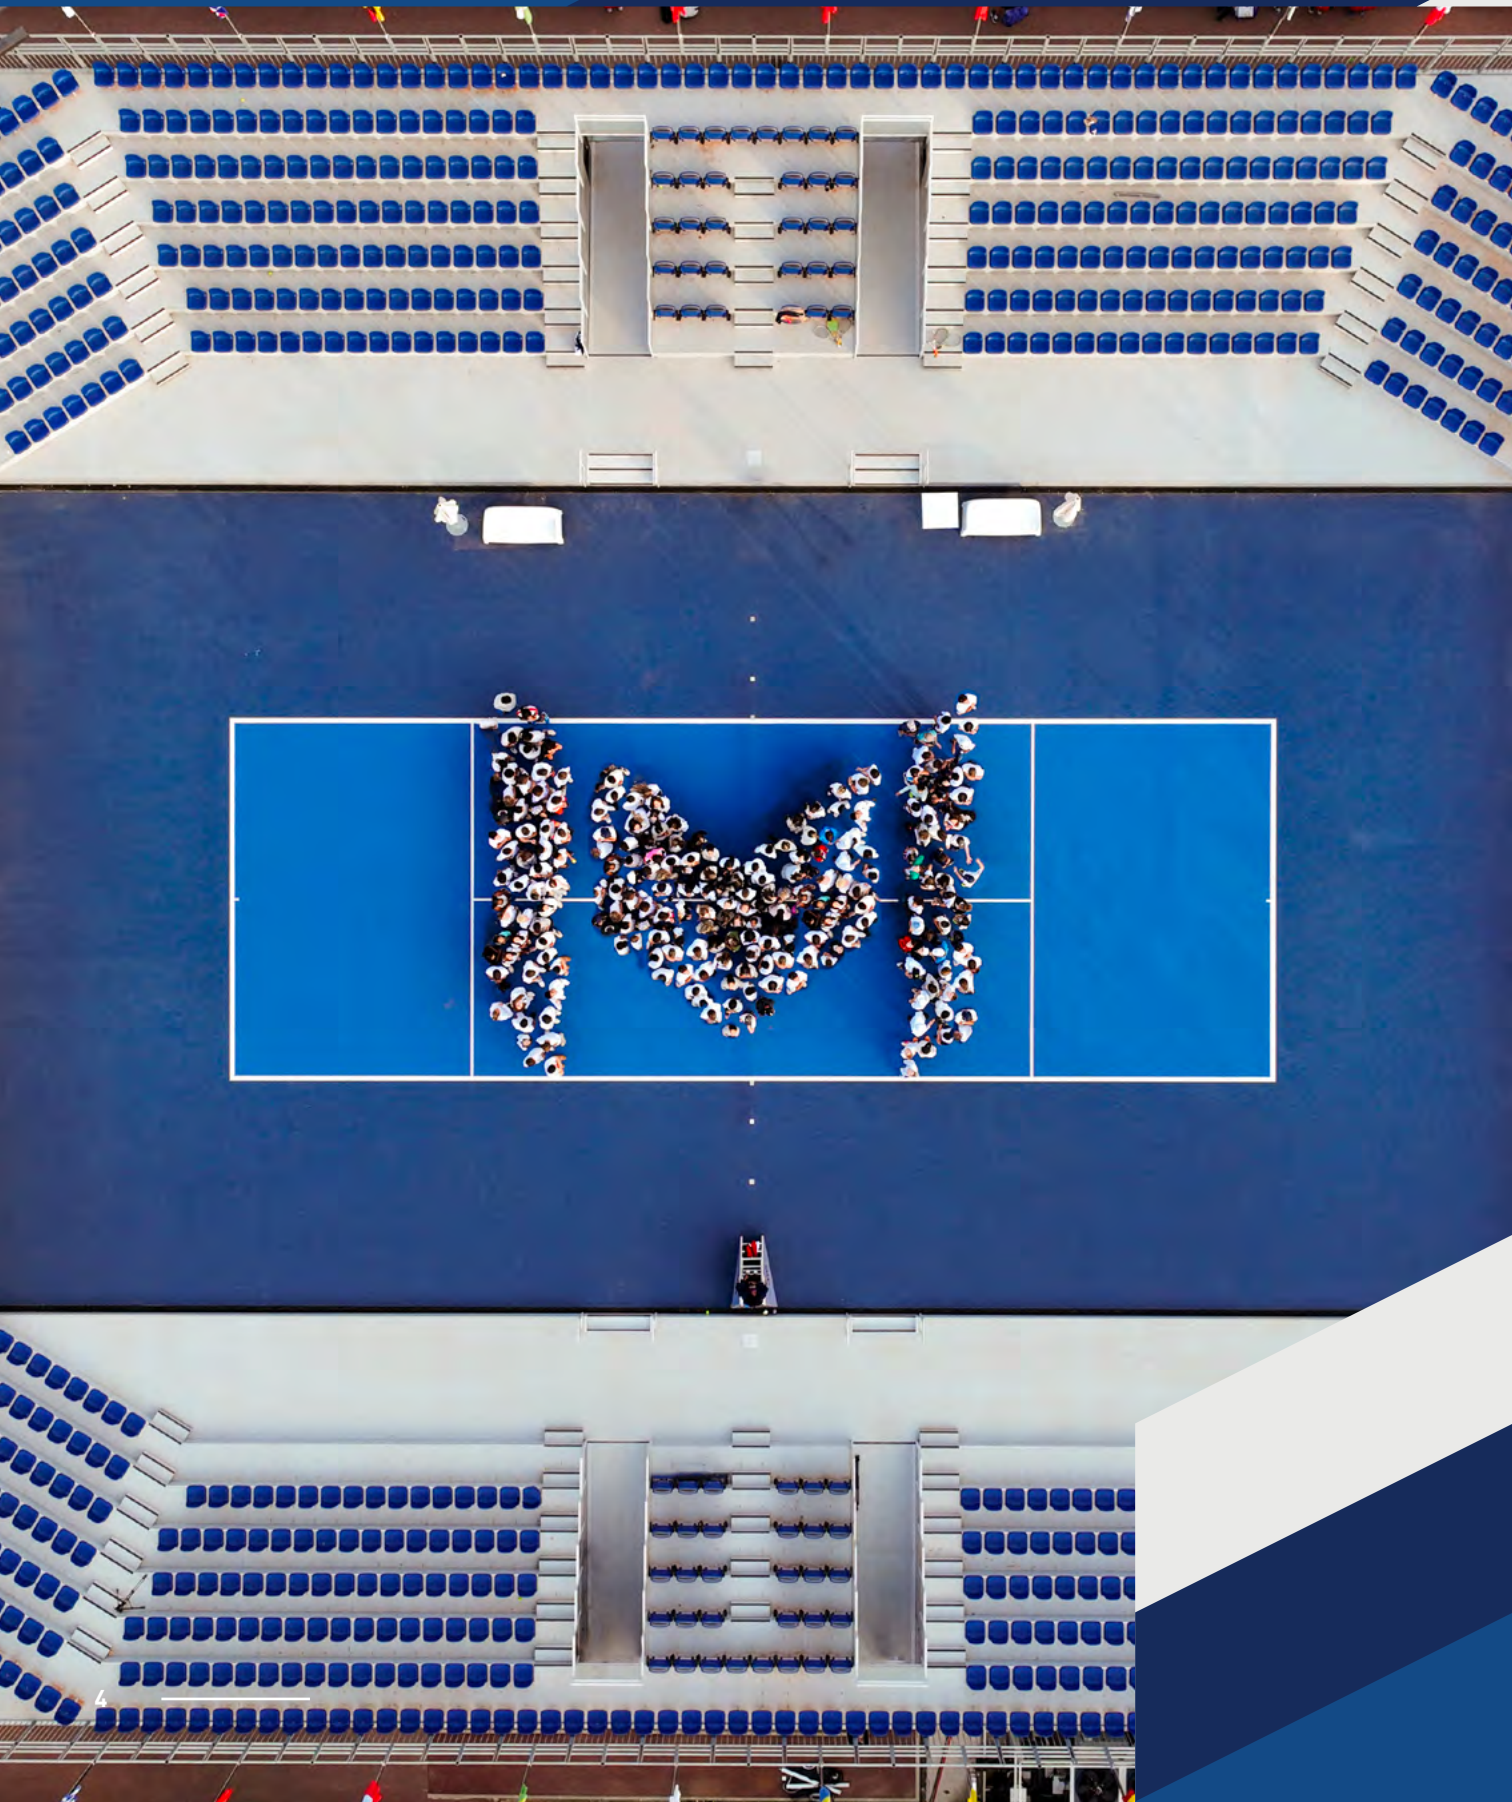

With small class sizes taught by passionate teachers, individualized attention for each student, the opportunity to learn several languages, and development in a setting of over 45 different nationalities, we strive to create an environment that fosters success for academics, doing everything in our capacity to support each individual.

Every year, when I attend the graduation ceremony and listen to the speeches of our graduates, it's with pride and emotion that I witness their growth and development. I'm completely impressed by their sense of humor, maturity, intelligence, and self-belief. I find it hard to imagine accomplishing the same thing at their age.

For over twenty-five years, Mouratoglou Academy has consistently emphasized the importance of academic achievements alongside tennis success, demonstrating our commitment to shaping a well-rounded future for your children.

A WORD FROM OUR MENTOR

TENNIS & SCHOOL COURSE

It means the world to me, that I can be in that position as a role model and mentor for our studentathletes. It's great for the younger generation to be inspired by the top players, that's what I had as a kid. It's also very nice for them to have someone that they can look up to and feel like they can reach that level one day.

I think it's great having such a safe environment for the kids at the Academy. I think that education is very important if not more important than tennis and it allows them to have a bright future ahead with nothing to worry about. The system at Mouratoglou provides this environment and allows kids to pursue both their tennis and their studies.

PHYSICAL PREPARATION

TENNIS & SCHOOL COURSE

WEEKLY TRAINING SCHEDULE

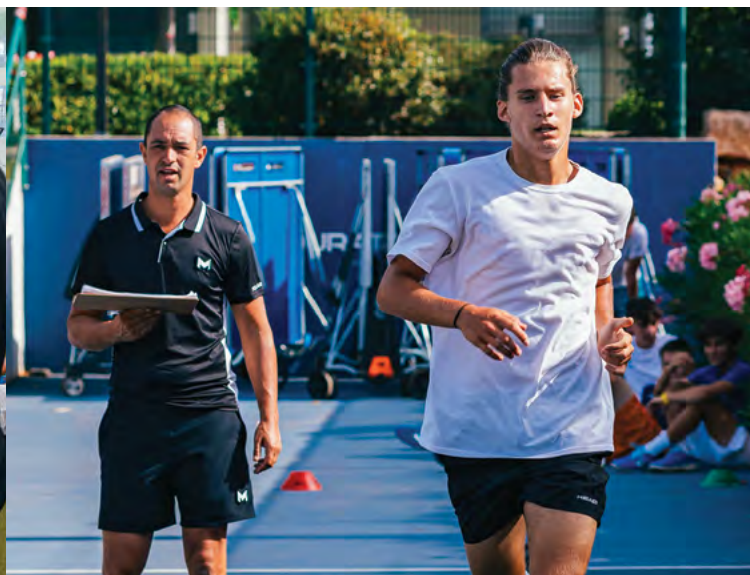

Athletic development is essential to playing tennis in competition.

Thanks to the variety of drills, the use of new technologies and highend equipment, the team of physical trainers physically builds each child to match their own game.

**INTEGRATED FITNESS / SPEED AND/OR FOOT WORK
COORDINATION / CORE AND BALANCE / PREVENTION
RECOVERY / MUSCULATION-STRENGHT / CARDIO**

The analysis of the tests carried out make it possible to determine the profile of each player and to set up a program meeting the needs of each.

Strengthening physical qualities, developing potential and preventing injuries are the daily tasks.

RECOVERY PROTOCOL

A UNIQUE STRUCTURE FOR OPTIMAL MEDICAL COVERAGE

Located within an exceptional infrastructure, including the latest technology, student-athletes are free to consult with medical professionals (specialists, physiotherapists, and osteopaths) throughout the year in order to heal and prevent injury in our sports medical center.

- **Recovery massage and osteopathy sessions:** optional
- **Recovery protocols one afternoon per week** (mobility workshops, injury prevention, stretching ...)
- **Immersion pools for better recovery**

REHABILITATION SECTION

When a player is injured he integrates the rehabilitation section where he can benefit from tennis and fitness sessions adapted to his physical conditions.

In permanent link with the medical sports center, this protocol allows a progressive resumption of the game and allows an optimal accompaniment.

UNIVERSITY PLACEMENT PROGRAM

TO GO AND STUDY IN THE UNITED STATES IS A UNIQUE EXPERIENCE IN THE LIFE OF A PLAYER WHO WISHES TO COMBINE HIGH-LEVEL TENNIS AND UNIVERSITY COURSES

Our University Placement Program allows you to obtain a degree recognized worldwid while spending up to 4 years abroad - a feat that will give you a competitive edge in your professional career. College sports hold significant importance in the United States. The American university system allows students to combine their schedule with an intensive sports program. The varsity athletes represent their university through college tennis.

Every year, more than 50 students from the Mouratoglou Academy benefit from suitable support in their research for an American University. Our placement coordinator advises and guides students in all their administrative procedures, according to their personal goals.

With a network of more than 1500 university programs in all divisions, and the most prestigious universities, students are supported to choose the best establishment to pursue and perfect their academic course.

As a matter of fact, some of the top-notch universities have players close to professional level in their rosters, and it is common to see some of them make it to the ATP Tour. Kevin Anderson, the 2017 U.S. Open and 2018 Wimbledon runner-up, has played three years of college tennis at the University of Illinois before turning professional; Ben Shelton, currently in the top 20, spent two years at the University of Florida.

WE SHAPE THE
FUTURE OF TENNIS

① STEFANOS TSITSIPAS

The youngest player ever to beat Novak Djokovic, Roger Federer and Rafael Nadal in 2019, Stefanos has won ten ATP titles, including two Masters 1000s, and has reached two Grand Slam finals: Roland Garros (2021) and the Australian Open (2023).

④ LINDA FRUHVIRTOVA

Champion of the Petits As in singles & doubles in 2019, she won her first WTA singles title at the Madras tournament (2022), and reached the fourth round of her debut Australian Open (2023), becoming the youngest player to be ranked in the WTA Top 100.

② ALEXEI POPYRIN

In 2019, Alexei won at least one match in all four Grand Slam tournaments, joining the ATP Top 100 for the first time. He reached the third round of the Australian Open (2019, 2020) and the US Open (2019), won the Singapore tournament (2021) and the Bordeaux tournament (2022). His career high ranking stands at No.38.

⑤ HOLGER RUNE

In 2022, «the Machine» became the first Danish man to break into the Top 10 of the ATP singles rankings in the Open era, by winning his first Masters title in Paris, beating Novak Djokovic in the final to become the youngest winner of the tournament since Boris Becker (1986).

③ COCO GAUFF

In 2019, the American sensation made Wimbledon history as the youngest player (since 1991) to qualify for the main draw and advance to the round of 16. By August 2022, she attained the world No.1 ranking in doubles, and in 2023, at the age of 19, secured the US Open Women's singles title.

⑥ BRENDA FRUHVIRTOVA

Having clinched ten W25 titles, four W40 titles, and one W60 title since December 2021, she became the 5th youngest player to qualify for the Australian Open women's singles draw (2023). In 2024, she qualified once more and secured her first-round victory, propelling herself into the WTA Top 100 at just 16 years old.
